

# MIC WIRELESS NETWORK

- 1) From the list of wireless connections available found at the bottom right of your screen, select **MIC\_Student** and click '**connect**'. It should look something like this.

- 2) Open your Internet browser. In the username box, type **micstudent\USERNAME** and your **PASSWORD** in the password box.

- 3) Click on the **homepage button** of your browser. You should now see your normal home page.
- 4) If so, you have successfully logged onto the college's wireless system.
