

PME Extended Placement Weekly Schedule, Spring 2021

The Extended Placement begins on Feb. 8th and concludes on April 30th.

The below schedule anticipates that school closures continue on Feb. 8th and the placement begins with students contribution to remote teaching. Should schools be open on Feb. 8th, the placement normal schedule will be in place.

The PME Extended Placement consists of two parts - various teaching and learning engagements called Strands* and a Teaching Block. Students are expected to show initiative in engaging with Strand work to the extent made possible by the school circumstances.
